PICARRO

FALL 2025

PICARRO ETO CONFERENCE

22-24 October | Phoenix, Arizona

Conference kicks off with a Welcome Reception at 4pm, Oct. 22

Successful Compliance Strategies for an Evolving Regulatory Environment

Join Picarro for a unique two-day event that brings together leaders in the sterilization industry, regulatory experts, and system innovators to explore and share proactive strategies and real-world solutions for current and long-term EtO emissions compliance. Topics will include:

- ✓ Advanced EtO emissions monitoring and reporting technologies
- ✓ NESHAP, HON & FIFRA standards
- ✓ Scalable, effective abatement solutions
- ✓ Industry trends, case studies, and best practices

Don't miss this chance to get ahead of compliance challenges and connect with peers driving the future of EtO emissions control.
